

"HAPPY NEW YEAR" to all my family, colleagues, friends and culinarians from all around the globe,

I am wishing for "ALL" of you a very successful, happy and positive year 2021 to come.

Despite of the situation that we are all in fear during the year 2020 and the COVID19 Pandemic situation we will and must move on in a positive spirit. I just can urge you all to always think positive, help as well the needy and less fortunate, try to share and go through the world with open eyes.

As a personal note, always believe in the "POWER OF THE WHITE JACKET" and never give up. After every difficult time and situation there is a light and a positive way.

GOD bless you all and believe that together we can achieve and make the "WORLD A BETTER PLACE".

Looking forward to seeing you somewhere around the world physically and for the time being virtually, but let us all hope together and work hard for it that 2021 will bring us a lot of joy and positives.

Your FRIEND, COLLEAGUE &
WORLDCHIEFS PRESIDENT,

Thomas A. Gugler
